## NEW ARIZONA DISTRICT IS CAUSING BIG STIR

Mining activities in the Gold Roads district in Arizona are attracting considerable attention these days. Yesterday Rollo E. Clapp of Salt Lake received a wire from W. M. Musgrave, editor of the mining newspaper at Oatman, which reads as follows: "Twenty-five or thirty active properties and seven daily automobile lines from Kingman, a distance of 30 miles, and six daily automobile lines from Needles, distance 20 miles. The demonstrated area is about 20 miles wide by 100 miles long. There is no boom yet, and it is a very active, strong camp." Mr. Clapp expects to make a trip to that district in the near future.—Herald-Republican.

## WILL BE TAKEN TO MONTANA

Extradition papers were signed Saturday by Governor Boyle for the return of Rex Roberts, also known as Mel Jowall, and who on the 13th was paroled into the custody of the Montana officials. He is wanted in Montana for the crime of murder in the second degree, where he was sentenced to serve 22 years. In addition to the charge of murder that stands against him in that state he also stands charged with breaking jail, which in that state constitutes a felony.

## BUTCHER SHOP ROBBED

A Murphy's butcher shop was entered last Friday night and 175 pounds of ham stolen. Deputy Minton was put on the trail and he recovered most of the hams, which were found hidden in various places about the outskirts of town, but was unable to locate the guilty parties.—Bulletin.

## PIONEER LIVERYMAN SELLS HIS BUSINESS

## JOHN CLENDENNING WILL VIEW THE FAIR BEFORE RETURNING TO TONOPAH

John Clendenning, who for the past thirteen years had been engaged in the livery business in Tonopah, today disposed of his business to Frank Myers for a cash consideration and will enjoy for a time the fruits of his labors. He has always conducted his business on the square and been fair to the public and has prospered in substantial manner.

He said to the Bonanza: "In addition to what I sold the business for, I have \$680 that I didn't pay in for license when I was assured and confident that the town was not regularly incorporated. I am going to use this money to see Stella and the other sights of the exposition." Mr. Clendenning bespeaks support for his successor in the business.

## TEAM STANDING IN THE BIG LEAGUES

## HOW CLUBS ARE SHAPING THEMSELVES IN PREPARATION FOR CLOSING SERIES

(By Associated Press.) NEW YORK, Sept. 21.—The pennant races in both the major leagues are near a decision. In fact, it looks as if the pennant in the National league was fairly within Philadelphia's grasp, while with the important American league series in Boston nearly over, it seems possible the Red Sox will see the fruition of their hopes.

Chief interest centered in the Boston series, where the lead was at stake when the Detroiters arrived. The Red Sox had made excellent preparation for the big event by beating off an attack by Chicago and shattering whatever expectations the White Sox may have had of capturing the buntling.

Detroit likewise was primed for the fray by a succession of victories over the New Yorks, gaining these by brilliant work in a number of hard struggles.

The Red Sox have won two of the three games with one more to go. Even should the Detroiters win that, they will be no nearer the leaders than they were when they landed in Boston. At present they are three and a half games behind, with Philadelphia and Washington still to be visited while the Red Sox are playing St. Louis and Cleveland.

The Phillies' excellent lead over both Brooklyn and Boston in the National league is almost too great to be overcome. Neither of these teams is ready to admit defeat, however, each counting on remaining within easy striking distance during the western trip and heading off the leaders when they are faced in the closing games in the east.

The Brooklyn kept pace with the Quakers during the week, their twirlers, too, showing general effectiveness, and the two-time victor of the squad being Jack Coombs, who beat the Chicago Cubs Saturday on his first appearance in the box against them since he defeated them for the Athletics in the world's series of 1910.

As for the Braves, their double victory over St. Louis Saturday came opportunely to save them from making a poor record for the week, while their success in winning from Cincinnati Sunday tied them with the Brooklyn for second place.

St. Louis, Cincinnati, Chicago and Pittsburgh are engaged in a neat little fight for first division honors, with only a few points separating them. The Reds did the best work during the week by winning a majority of their games.

Pittsburgh increased its lead in the Federal league race during the week and looks to be the winner in the Gillmers circuit. Chicago went into second place by taking a double-header from Buffalo Sunday, while St. Louis was losing to Baltimore.

## NO FALL RACE MEET AT RENO THIS YEAR

Information received from an authentic San Francisco source is to the effect that there will be no fall race meet in Reno this year. J. Schas, who conducted the July-August meet, is said to have given up the idea he formerly entertained of bringing the ponies to Reno for a 13-day engagement in October.—Gazette.

## TONOPAHNS DEPART IN SEARCH OF TREASURE

## NO DANGER OF THEIR BEING AT LOSS FOR MOTIVE POWER ON THE DESERT

Paddy Mooney and Harry McNamara left this afternoon for the new strike at Oatman, Ariz. They departed in a tin Lizzie. Owing to the fact that the going is long and the supply stations are few and far between, they took one of Paddy's percolators with them, to which was attached a new process arrangement that is McNamara's own invention. If they run out of gasoline they will extract the essence of greasewood with which to feed the faithful but ravenous Lizzie. It is said that the machine in a pinch will burn sagebrush.

## GOLD MOUNTAIN IS A COMING REGION

## SOME LITTLE WORK BEING DONE IN A REGION THAT PROMISES WEALTH AT DEPTH

Messrs. Taylor, Govan and McFarland are developing a very promising group of claims in the Gold Mountain region, situated in the southerly portion of the Tonopah district. This is a porphyry zone in which veins are gashed like a gridiron east and west, north and south.

At the points of intersection the veins are particularly wide and rich. Samples taken yesterday from wall to wall by Mr. Taylor ran respectively \$14, \$68 and \$12.63, practically all in gold. The veins are found to increase in richness as depth is attained.

## UMATILLA DRILL HOLE IS NOW DOWN 380 FEET

Harder and firmer ground is now being encountered in the Umatilla drill hole, which today was down 380 feet below the 1200 level. Two days were lost during the past week in cementing the bore. The indications are that the fault plane has been passed through and that better progress will be made through the Midway andesite.

## JULIUS GOLDSMITH TO CUT FOR LEDGE

The shaft today in Julius Goldsmith's property, seven miles north of Tonopah, reached a depth of 120 feet. Sinking will now be discontinued and a crosscut will be run for the ledge, which is believed to be but a few feet away. As soon as it is encountered preparations are made to stop, the sacks being now on the ground. The property shows in the upper levels values in gold, silver, copper and lead.

## BUTLER THEATER

Tonight at the Butler the attraction will be Florence Reed in her first film characterization, "The Dancing Girl," a five-part Paramount production. The mobile face of this popular young American star, with its wonderful play of expression, lends itself readily to the screen, and her grace and beauty of form not only render her particularly well-suited to the role of the dancing girl, but make her a welcome and valuable addition to the photoplay world into which so many of her illustrious co-stars have preceded her. The production has been splendidly directed and mounted, and an excellent cast of popular Broadway artists competently supports the gifted star. The preliminary reel which will be run ahead of the feature is the Paramount Travel Pictures of South America.

Tomorrow, "The Woman Who Dared," a George Kleine production in five parts. Box seats can be reserved at any time by phoning the Butler theater.—Adv.
